

HANDI-REEL

CATALOG #: SI-1500, SI-1550

MacLean Networks Solutions Handi-Reel design is lightweight and compact for easy handling, transportation, and storage. This provides a contractor or technician an easier way to dispense wire reels for indoor and outdoor job sites.

Features

ANTI-SKID STABILITY PADS

- Stability during installation
- Leave unattended while dispensing cable
- Pads protect floor from scratching

EASY REEL INSTALLATION

- Locks in open position
- Safety latch prevents reel from detaching
- Plated steel mechanisms for durability
- Holds heavy reels securely

ALUMINUM FRAME

- Light weight and noncorrosive
- Handles for single person carry
- Collapses for minimum storage
