MACLEAN SENIOR INDUSTRIES

PRODUCT BULLETIN

Stainless Steel Banding

Application

- Used to attached communications equipment and hardware to wood, steel, fiberglass, and concrete poles

Construction

- Corrosion resistant stainless steel material
 - Grades available
 - 201 and 304 stainless steel
 - Banding widths available
 - .500", .75", and 1.25"

Features

- Allows for quick installation to a variety of pole materials
- No pole drilling required
- Forms over any shape pole
- Cut to length allows technician to adapt installation to any pole diameter
- Optional red plastic carrier

Mounting Options

- Secured to poles with either:
 - Ear Lock style buckle
 - Low cost option and requires the use of a tensioning tool
 - Bolt Style buckle
 - Requires only a wrench to install
